TO: 'C' League Team Managers
FROM: Sam Dolinar (238-420, 4-7403) and Ray Morris (230-201CV, 3-0851)
SUBJECT: Managers' Game Reports

Attached is a form asking you to provide some data about your team's games so far this year. This information will be used to set up the league schedule for the second half of the season. It will also be helpful in giving us an overall picture of the makeup of 'C' League. None of the information you provide will be published in any way that reveals your team's record of wins and losses.

In filling out the form, answer yes (Y) or no (N) to items ending with a question mark (?), and fill in numerical answers for the other items. Approximate numerical answers are OK. In the question about your team's relative skill level for each game, 'average' means you had a representative turnout from your team's roster, 'above average' means a lot of strong players showed up that day while weak players stayed home, and 'below average' means your team's proportion of weak players to strong players that day was greater than normal.

Please take the time to fill out the game reports and return the form to Sam **within the next week**. You don't want your team's schedule for the second half to be completely determined by what the *other* managers say about you!

If you don't know some answers, leave them blank. But please submit the form even if it's only partially filled in.
